

ePrep

- A non-profit French organisation founded in 2001
- An open platform for launching and supporting innovative TeLearn projects, especially for the first higher education cycle in France and French-speaking countries
- **A PARTNER OF THE FP6 PALETTE IP TELEARN PROJECT**
- Manages the ePrep International Workshops and Thematic Seminars
- Carries out Watch Activities (ePrep Newsletter)

The ePrep CoP

- A Community of practice launched in 2006 in the framework of PALETTE
- 40 core members: teachers (all fields) and representatives from universities, research institutes, training organisations from France and French-speaking countries
- One of the CoPs chosen by PALETTE to develop its services and scenarios according to the Participative Design Methodology (PDM)

FP7 Call 5 TeLearn Projects

ePrep and its CoP are ready to be involved in FP7 Call 5 Projects, offering their expertise in TeLearn fields

- *Learning in the 21st Century*
- *Linking Individual and Organisational Learning*
- *Adaptive and Intuitive Systems for Learning*
- *Revolutionary Learning Appliances*
